

SmartSafe

SmartSafe – Buckle up!

SmartSafe is the new and revolutionary seat belt system from systec fitting onto almost any available shopping cart. SmartSafe provides more safety for children and a relaxed shopping experience for parents. SmartSafe effectively supports a child-friendly environment in stores, and this is what parents appreciate – safety for their children.

Easy to use

Pulling out the strap

Fitting the strap

Clip snaps into the housing

► **Safe**

SmartSafe* is safe, because it adjusts itself automatically to the size of the child. Why is this important? Because this effectively prevents the child from standing up into the shopping cart and making it tip over. This makes for more safety and more relaxed parents.

► **Simple**

Don't lose time by manually adjusting the length of the seatbelt. With SmartSafe, it's very simple – pull out the belt, wrap it around the child, and snap in the latch. Once snapped in, the belt is secured.

► **Cost-effective**

Dangling seat belts can get broken and cause problems when nesting shopping carts. SmartSafe is securely stowed away when not in use. SmartSafe is designed to last for the lifetime of a shopping cart, reducing service costs for belts and shopping carts.

► **Clean**

While not in use, the SmartSafe seatbelt is protected in a high-resistant plastic housing against rain and dirt.

► **Flexible**

SmartSafe is also available for shopping carts with a double child seat.

► **Feelgood factor**

Make SmartSafe part of your campaign for a child-friendly environment – SmartSafe proves that you care.

* SmartSafe meets ASTM F2372-04 for shopping carts.

The Number 1 Choice for Cart Management

Founded in 1974, systec developed the first patented coin lock for shopping carts in 1981. Since that date, systec has become the global and technology leader in this field. systec's products now range from coin deposit locks and antistatic handlebar systems, cart advertising systems to child safety and containment systems for shopping carts. systec is the supplier of all leading shopping cart manufacturers and exports its products to more than 50 countries.
